To All Respondents,

Re: Notification on the Request for Information (RFI) - Power Generation & Resiliency Strategy;  
Solicitation # HJA-RFIPGR-2023-021

Thank you for your submission on the RFI for Power Generation & Resiliency Strategy; Solicitation # HJA-RFIPGR-2023-021. This letter is to update you on the status of this RFI.

The airport is a dynamic place with many projects being executed simultaneously while working to enhance the Houston Airports' vision for the future. In addition, we are currently in the process of updating our Master Plan for George Bush Intercontinental Airport, which will include projections for future energy needs. At this time, it is in the best interest of the City to wait for completion of the Master Plan, and associated future energy load projections, prior to issuing a Request for Qualifications/Proposal (RFQ/P).

Once the Master Plan is developed, there will be public notification regarding the issuance of associated RFQ/Ps.

Your interest in our energy future is appreciated and we look forward to your response to future issued RFQ/Ps.

Sincerely,

DS  
AO
